**Long Island Association for AIDS Care's 1<sup>st</sup> Annual Community Health & Wellness Fair in Support of NATIONAL MINORITY HEALTH MONTH**

**April** is National Minority Health Month, created to raise awareness of the health disparities that continue to affect racial and ethnic minorities. This year's theme, Advance Health Equity Now: Uniting Our Communities to Bring Health Care Coverage to All is a call to action, a charge for all of us to unite towards a common goal of improving the health of our communities and increasing access to quality, affordable health care for everyone.

In recognition and support of National Minority Health Month 2013 LIAAC, the Long Island Association for AIDS Care, Inc. will be hosting an on-site Health and Wellness Fair on April 24, 2013 from 3pm-7pm. The fair will include education, re-entry assistance, case management, rapid STI and HIV testing, community resources and nutrition information, provided by LIAAC and many diverse local health organizations. Organization and Church vans are welcome.
