Tel: (631) 385-2451

**The Long Island Association for AIDS Care responds to the alleged distribution of illegally obtained and possibly unsafe medications to individuals living with HIV/AIDS.**

Since our first obligation is to the health and well-being of our clients, the Long Island Association for AIDS Care is actively contacting all of our clients, providing them with alternative pharmacy referrals and resources, if needed, and directing them to their primary physicians for medical follow-up.

We urge any Person Living with HIV/AIDS who has questions, concerns or is in need of a pharmacy referral, to call our toll-free Hotline at **877-865-4222**, where you will be able speak to one of our professional hotline counselors and receive the assistance and support you need.
